

Copyright Statement

Copyright 2001-2005 (This project began in year 1999) Yosuke Amijima

Under the independent names of Yasutaro Kogane(Financial Engineering related), Souji Horigen(Macroeconomics related), and Yosuke Amijima(All other fields), their copyright holder is all Yosuke Amijima(their real name). The followings are allowed:

- 1) Academic use and non-profit activity
- 2) Free circulation of programs
- 3) Free modification of programs(but should post on the web)

Your salary itself and royalties on your books, articles or lectures are not considered to be profit activity. Those kinds of things are all allowed. All other rights are strictly reserved because their activities(my activity) are and are going to be very close to financial engineering and risk management. This copyright should override any other right or patent worldwide and for any other form of computer languages.
